

Product Safety Recall

GASGAS MC250 Motorcycles Model Year 2022

Sold by authorized GASGAS dealers
between 1 October 2021 and 23 July 2022

Defect:

Incorrectly programmed CDI control units were mounted on the affected bikes which could result in an engine failure.

Hazard:

If the motorcycle is being ridden when an engine failure occurs it increases the risk of an accident resulting in injury or death to the rider or others.

What to do:

Consumers will be contacted by GASGAS or an authorised dealer to arrange an appointment to have the original CDI control unit replaced, free of charge. Consumers that have an affected vehicle can also contact an authorised dealer to make an appointment to have the recall performed, free of charge.

Contact details:

For more information, contact GASGAS on 1800 644 771 or find the nearest authorised dealer using the dealer search option at <https://www.gasgas.com/en-au/dealer-search.html>
