

ELECTRICAL SAFETY RECALL

Jackson Model PEXT3M 3 Metre Extension Lead Batch Code P011872

IDENTIFICATION:

Sold at JB Hi-Fi, Officeworks and Big W stores from 6 July 2022 to 9 September 2022

White coloured 3 metre extension lead rated 240V 10A 2400W. The model number PEXT3M is not explicitly stated on the cord set so please check for the markings on the socket (LA023A), plug (LA020E) and cord (SAA170791EA) to identify the affected product together with the batch code (P011872). Only the 3 metre length extension cord is recalled.

DEFECT: The active and neutral connections are reversed on the Extension Lead socket outlet. This can cause parts of the appliance that is plugged into the extension lead to remain live even if it is switched off.

HAZARD: Risk of electric shock, which can cause serious injury or death.

ACTION REQUIRED: Consumers should immediately stop using the product and return it to the place of purchase for a replacement or refund.

CONTACT DETAILS: For further information, please contact Jackson by email at recall@cdbgoldair.com.au or visit www.jacksonpower.com.au/recall
