

Product Safety Recall

Design 2 Joystick Piloting System

Boat navigation system used with Mercury Marine outboard engines
Product supplied between 1 January 2018 - 27 September 2022

Defect: A defect in the product's software could result in the boat being steered off course from the intended route.

Hazard: An unexpected change to the boat's route could lead to a collision and result in injury or death.

What to do: Consumers should contact their Mercury Outboard dealer to arrange for the product's software to be updated at no cost.

Consumers should not use the **Route** or **Heading** features of the product until the software update is performed.

Contact details: For further information contact Mercry Marine Customer Service on 03 9791 5822 (between 8:30AM and 4:30PM AEST) or via email at merc.info@mercmarine.com
