

# ELECTRICAL SAFETY RECALL

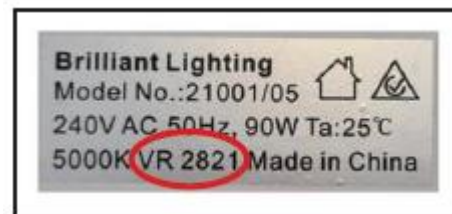

## Lagos 90w LED Slim Batten 1200mm Linear Lighting Fixture Model No: 21001/05

Sold by Bunnings Warehouse stores from 1 December 2019 to 23 September 2022

### Identification:

This model is branded Brilliant Lighting and matches the photograph and packaging above. The impacted lights have the batch code VR2821 or VR3821 on the back of the unit.

**Defect:** The light's LED components could overheat causing the housing to distort, melt or ignite.

**Hazard:** The product may ignite and catch on fire causing serious injuries, death or property damage.

**Action to take:** Consumers should immediately stop using the light fitting;

1. If the product is connected by a plug, remove it and return the product to the nearest Bunnings Store for a refund.
2. If the product is hardwired and requires an Electrician to remove it, contact Brilliant Lighting to make arrangements for a service call to remove and replace the product with a similar fixture or to provide a refund.

**Contact Details:** For further information, contact Brilliant Lighting by phone on 1800 879 625 (Monday to Friday, 9am-5pm), email at [support@brilliantlighting.com.au](mailto:support@brilliantlighting.com.au) or visit <https://www.brilliantlighting.com.au/recall/lagos>
