

Product Safety Recall

UPPAbaby RumbleSeat Accessory

Model # 0191

Manufactured between September 2014 – December 2016

This recall involves the **adapters** for the UPPAbaby RumbleSeat accessories that were manufactured between September 2014 and December 2016. The adapters snap onto the stroller frame and are used to attach the RumbleSeat to the stroller converting a single stroller into a double in-line stroller.

Consumers who own a RumbleSeat (Model # 0191), manufactured between September 2014 and December 2016, will be provided with a repair kit of replacement RumbleSeat adapters.

Problem: The RumbleSeat with the recalled adapters can become detached from the stroller frame when not properly installed or if a child sitting in the stroller seat kicks off the RumbleSeat presenting a fall hazard to the occupant.

Hazard: Children can become injured if the RumbleSeat detaches.

What to do: A repair kit of replacement RumbleSeat adapters can be ordered online at uppbaby.com/au. Consumers should immediately stop using the recalled product.
