

Product Safety Recall

Adria 612PT Slider and Slider Sport gas pipe

Adria 612PT Slider and Slider Sport caravans sold between 1 July 2015 and 31 January 2020 are affected.

Defect: The Truma Combi Hotwater and gas pipe connecting to the hot water system may not be securely mounted. Vibration and movement of the gas pipe can cause it to leak gas within the caravan.

Hazard: Risk of explosion and fire, which could result in vehicle damage, serious injuries, burns or death if gas builds up due to a leak from this gas pipe.

The defect has caused an incident that caused serious injuries and vehicle damage.

What to do: Consumers should immediately check the VIN list to see if their caravan is affected and if so, immediately switch off the gas supply to the hot water system using the yellow isolation switch. Gas supply to the hot water system should remain isolated until the issue is resolved by AMH Products.

AMH Products will contact affected owners to make an appointment to have their vehicle modified free of charge.

Contact details: For more information owners of affected caravans can also contact AMH Products on 1800 497 017 (Monday to Friday 8.30am to 5.00pm) or email info@amhproducts.com.au to organise an appointment to have the modification carried out.
