

Product safety recall

CleanLIFE On the Go 2 in 1 Wipes

The Hygiene Co

- hand and surface sanitising wipes
- batch number: 45776.1
- SKU: CLS00071
- best before date: 28/04/2027

Reason the product is recalled

The affected batch of wipes can be contaminated with bacteria *burkholderia cepacia complex*.

The hazards to consumers

Risk of infection or illness that might require medical treatment, especially in people with weakened immune systems (immunocompromised) if they are exposed to *burkholderia cepacia complex* bacteria. The bacteria can enter the body if inhaled, or through the eyes or a break in the skin.

What consumers should do

1. Stop using these wipes immediately and dispose of them in accordance with local regulations.
2. Contact CleanLIFE to arrange a full refund for the cost of the wipes.
