TGA Recall Reference Number: RC-2019-RN-00662-1

Weleda Australia Pty Ltd, following consultation with the Therapeutic Goods Administration, is recalling the above batches of Baby Teething Powder (a homoeopathic product used for teething) because small, thread like (up to approximately 1cm long x less than 1mm wide), soft, slivers of white plastic may peel off the plastic lid and drop into the powder.

No other batches of Baby Teething Powder are affected by this recall.

If a small sliver of plastic was consumed it may constitute a choking hazard. This recall is a precautionary measure, it was not initiated by any report of a baby choking. There is no chemical or microbiological health risk.

If you have a bottle of Baby Teething Powder from the above batches, do not use it. Return it to the place of purchase for a refund or return affected product to Weleda's reply paid address with your contact details or call our customer service line to arrange the return of affected product and refund.
