

Product Safety Recall

Done by Deer Melamine Contour Plate

Sold by Danish by Design from November 2017 to May 2018

DEFECT Migration of melamine has been found to be too high in one batch of the product.

HAZARD Melamine release above the permitted limit means that the product is not suitable for contact with food.

WHAT TO DO Consumers should check underneath the plate for the batch number. If their batch number is 104520417, contact Danish by Design to receive a full refund or exchange for another design that is not affected.

Contact details For more information, contact Danish by Design on 03 9588 0999 or via email info@danishbydesign.com.au
