

Product Safety Recall

PERMA BLEND QUEENS RED PIGMENT 15ml

Sold in 15 ml, in Sweet Lip Kit and Lip Starter Kit
from 22 January 2019 to 10 July 2019

Lot PBQH181812, Batch B10102, Best Before 24/01/22

Defect The product contains the aromatic amine o-anisidine at a concentration that may pose a risk to human health.

Hazard At a concentration of greater than 10mg/kg of o-anisidine the product may pose a serious health risk to users. The aromatic amine, o-anisidine, is a chemical that is known to contain mutagens and carcinogens (substances that could potentially cause cancer).

What to do If consumers do have a bottle of Queens Red with the above identification they should cease using the product immediately and return it to the Brow Shop for a replacement or a refund.
