

# Product Safety Recall

## **BMC Teammachine SLR 01 DISC Bicycles and Frame Sets**

Sold nation-wide between June 2017 and November 2019

**Defect** The bicycle fork steerer tube may crack and potentially snap during regular use.

**Hazard** If the bicycle fork breaks, the rider may lose control of the bicycle, which may increase the risk of an accident or injury to the rider.

**What to do** Consumers should stop riding the bicycles immediately and contact their BMC retailer to arrange an inspection of the fork to identify if it is safe to continue riding or if a replacement fork needs to be fitted.

**Contact details** For further information, consumers can contact Advanced Traders on 1300 361 686 or by visiting <http://www.advancetraders.com.au/>
