

# Product Safety Recall

## Surly 8 Pack and 24 Pack Bicycle Racks

Sold by Authorised Surly Dealers  
between 01/05/2016 and 30/09/2019

**Defect** If the Rack is not tightened correctly, it may become loose and fall off.

**Hazard** If the Rack falls into the path of the bicycle or contacts the front wheel while the bicycle is being ridden, it may result in the rider losing control and pose an increased accident or injury risk.

**What to do** Consumers should immediately cease using the Rack by removing it from their bicycle or returning the bicycle to the place of purchase for assistance in removing the Rack. The consumer's place of purchase will repair the Rack by installing a Security Hardware Kit, free of charge.

**Contact details** For more information, consumers should contact the place of purchase or their nearest Surly dealer. A list of Surly dealers can be found at [https://surlybikes.com/where\\_to\\_buy](https://surlybikes.com/where_to_buy)
