

PRODUCT SAFETY RECALL TO REPAIR

sport v2

classic v1

phil&teds[®] sport v2 and classic v1 buggies

Sold throughout Australia between April 2008 and June 2010

Serial numbers 0308/0001 through to 0510/0906

Identification: The serial number is located on the inside of the folding hinge (the sling may need to be pushed aside to view).

Hazard: The hinge may pose a potential finger laceration injury risk to adult users folding and unfolding the strollers.

Injuries: There have been 9 reported incidents worldwide. None reported in New Zealand.

Remedy: phil&teds has developed a self fit cover for the hinge which is available, free, to all owners of these strollers. It does not require the return of product to base.

NOTE: this does not apply to any other model of phil&teds stroller all of which have different hinges.

PLEASE CONTACT phil&teds **TO OBTAIN A HINGE COVER KIT.**

This will include instructions on how to fit it to your stroller.
