

ELECTRICAL SAFETY RECALL

TECO TWIN TUB WASHING MACHINE

Teco Australia Pty Ltd (TECO) is issuing a recall on a specified model of twin tub washing machine manufactured in 2014 and 2015 and sold through various retailers.

The model affected is the 6.5kg twin tub washing machine with the following model name TWM65TTAMFBE and all serial numbers..

Other models are not affected. Please contact TECO for additional details.

Where to find the model name, serial number & manufacturing number on the machine?

Product issue / Hazard:

In some circumstances, there is a possibility of moisture vapour entering the selector switch contacts within the top control console. The selector switch may short circuit causing heating of the surrounding plastics, resulting in smoke and or flame.

What should I Do?

Check the model name of your machine. Visit www.teco.com.au or call **1800 898 458** between 8:30 am and 4pm Monday to Friday or email had.recall@teco.com.au to arrange a replacement or refund.

If your washing machine is the affected model, TECO recommends that as a precautionary measure, you only use your washing machine under close supervision. If you observe any smoke or smell coming from the machine, turn off the power at the wall outlet.

See www.recalls.gov.au for Australian product recall information
