

Product Safety Recall

Do you own this product?

Filter - Fuel Water Separating

Fuel water separating filters for boat engines.
Supplied individually or as part of a kit.

- Mercury branded product code: 802893T
- QuickSilver branded product code: 802893Q01
- Kit product code: 802893Q4

Dates sold: 3 May 2023 – 17 August 2023

Why the product is recalled: Due to a fault in the product, the O-ring seal may not seal effectively and allow fuel to escape from the filter.

Hazard: There is a risk of burn injuries and/or property damage due to fire if fuel escapes from the filter

What should consumers do: Consumers with an affected filter should stop using their boat immediately and contact their nearest Mercury dealer to arrange for an inspection and, if required, repair or replacement at no charge.

For more information contact Marine Power International on merc.info@mercmarine.com or by phone on 03 9791 5822.

Purchased from: Various Mercury dealers
