

Product Safety Recall

Electrical Safety Recall

Ozzi Mozzie Pty Ltd

Ozzi Heat plug-in portable wall heater

Identification:

Plug-in portable wall heater.

Sold on Ozzi Mozzie website from 27 April 2024 to 22 September 2024.

Why the product is recalled:

The product does not meet Australian Standards. The product has integral plug pins that directly insert the heater into socket-outlets.

Hazard:

Risk of serious injury from burns if the heater causes wall fittings, socket outlets or fixed wiring to overheat and catch fire.

Action required:

1. Consumers should stop using the heater immediately.
2. Consumers should contact Ozzi Mozzie to arrange to return the product for a full refund.

For further information:

Please direct all queries concerning this recall to Ozzi Mozzie.
