Yamaha Motor Australia Pty Ltd is conducting a RECALL CAMPAIGN on certain front and rear brake shoes supplied as replacement parts.

WHAT ARE THE DEFECTS?

Front and rear brake shoes may contain asbestos.

The importation of asbestos or goods containing asbestos into Australia has been prohibited under the Customs (Prohibited Imports) Regulations 1953 since 31st December 2003.

WHAT ARE THE HAZARDS?

Available information indicates that these affected spare parts do not pose a measurable health risk through normal use. Exposure to asbestos can result in asbestos-related diseases.

WHAT SHOULD CONSUMERS DO?

Consumers should not perform any maintenance, repairs or modifications on any unit that may involve contact with or disturbance of the affected brake shoes.

If you have purchased these affected brake shoes and have NOT yet fitted them, return these to your Yamaha Dealer for exchange.

If you have fitted affected brake shoes to your YFM90R contact Yamaha,
